Scholarship information and the application are available at www.dyescholarships.org.

Each application is evaluated on academic, extracurricular, potential, and personal
attributes by a ten-member committee comprised of individuals from the community,
state, and around the country. Please encourage all qualified students from your high
school to apply for a Jim and Betty Dye Scholarship.

The Foundation’s Scholarship Selection Committee is solely responsible for the review of the applications
and the selection of any recipients. Each application is evaluated on its own merits for academic
excellence, school and community involvement, and potential for future success. The Scholarship is an
equal opportunity program and does not discriminate on the basis of race, religion, color, sex or disability.
The number of new Scholarships awarded each year is dependent upon the number and quality of
applications received and budgetary requirements of the Foundation. The submission of an application
does not guarantee that a Scholarship will be awarded, received, or continued, and high schools are not
limited to or awarded a specific number of scholarships each year.
